SIR—By direction of the honorable the Chancellor of Pulaski county, I submit herewith a copy of my report as Receiver of the assets of the Real Estate Bank of Arkansas, embracing the business transactions of this office from the 1st day of October, 1858, (date of my last report to your excellency) to the 30th June, 1869.

Very respectfully,
Your obedient servant,
GORDON N. PEAY, *Receiver*
of Assets of R. E. Bank.

REPORT.

OFFICE OF RECEIVER OF REAL ESTATE BANK,
Little Rock, Ark., 30th June, 1860.

To the Hon. H. F. FAIRCHILD,
Chancellor of Pulaski County:

The undersigned, Receiver of the assets of the Real Estate Bank of Arkansas, respectfully submits the accompanying statements, exhibiting in a condansed form the various transactions of his office, from the first day of October, 1858, to this date.

No. 1—Is a statement of principal and interest upon notes which have been settled in full; showing the amounts paid up to date of last biennial report on 1st October, 1858, and the amounts which have been received since that date.

No. 2—Is a statement of payments made on notes not yet settled in full, showing the amounts received up to the 1st day of October, 1858, as per report of that date, and the amounts paid since that date.

No. 3—Is a statement of new notes taken since 1st October, 1858.

No. 4—Is a general statement of cash receipts and payments since 1st October, 1858.

No. 5—Is a statement of State Bank bonds received from the 1st day of October, 1858, to the 30th June, 1860.

No. 6—Is a statement of State Bank bonds in hands of Receiver on 1st October, 1858, and exhibits the entire balance in his hands at this date, to-wit: the sum of $237,656 25, after payments made on bonus account due the state.

No. 7—Is a statement of Real Estate Bank bonds received and deposited in the state treasury from the 1st day of October, 1858, to this date.

No. 8—Is a statement of lands taken in payment of debts since the 1st day of October, 1858.

No. 9—Is a statement of lands sold by Receiver, since the 1st day of October, 1858.

No. 10—Is a recapitulation of sales of lands.

No. 11—Is a statement of balance of Real Estate account.

No. 12—Is a statement of account of bonds issued by the state to the Real Estate Bank.

No. 13—Is a general statement of the liabilities and assets of the bank.

No. 14—Is aggregate statements of receipts, etc., from the date of appointment of Receiver to date.

No. 15—Is a statement of settlement of bonus account with the state.

The collections for the past eight months have been greatly retarded by reason of the difficulty of procuring state bonds, and the material advance in their price, from 45 to 60 cents on the dollar, and none have been in this market for sale during the past season, until recently, and too late for the debtors to avail themselves of the facility for purchasing. The aggregate receipts from the 1st October, 1858, to this date, in State and Real Estate Bank bonds and specie, as shown by the statements submitted herewith, is $312,739 73, and is fully $40,000 short of the amount that would have been received if bonds could have been purchased during the past season.

By reference to statement No. 11, the court will perceive that there remains unsold 28,242 65-100 acres of the lands mortgaged for stock, and 20,702 68-100 acres of lands which are not encumbered with the stock mortgages; making, together, 48,945 33-100 acres, an amount nearly equal to the number of acres which have been sold by the Receiver, as shown by statement No. 14, (viz: 49,185 acres), for the aggregate sum of $400,894 61. The residue of the lands unsold, the Receiver has estimated will produce the sum of $250,000 in bonds.

This would seem to be a very low estimate of their value, but when the stock encumbrance, as well as the conflict in titles, is taken into consideration, it is, in the opinion of the Receiver fully as much as will be realized for them.

The Receiver has heretofore shown in his reports to the court, the difficulty of effecting sales of the interest of the bank in the lands encumbered with the stock mortgages, and the impracticability of fixing any certain value upon this interest, being a mere possessory right until the 26th day of October 1861, when the bonds issued to this bank fall due, and the right, after that date, to redeem upon the foreclosure, by the state or bondholders, of the stock mortgages; and it also being impossible for the Receiver to estimate with certainty, the amount that will be required from each stockholder, or party holding the equity of redemption in the stock lands, to meet the deficit after the assets of the bank are exhausted. And thus a large majority of the applications made to purchase the interest of the bank in these lands are withdrawn as soon as the applicants are informed of the nature of the interest of the bank, and that the Receiver cannot inform them the precise amount of the future liability on each tract; and whether a stockholder will be allowed to pay his pro rata upon the deficit, or required to pay the full amount of principal and interest of the stock mortgage, and what course of policy will be adopted by the state in regard to the foreclosure of the stock mortgages, and whether the stockholders and lands mortgaged for stock, will be liable for the full amount of principal and interest of the hypothecated bonds, or only for the amount received upon them by the bank, with interest thereon from the date received, and many other questions equally difficult.

In selling the interest of the bank in the stock lands, the Receiver has endeavored, in all cases, to obtain for them the principal and interest of the debt due from the stockholder, for money borrowed on stock credit account. In many cases he has sold them for more than the amount, and in others much less. In some cases, perhaps, a larger price might have been obtained by holding the lands, but as the interest of the bank

is daily diminishing as the date of the maturity of her bonds approaches, it was deemed the best policy to sell at the best price that could be obtained.

Statement No. 14 will show the aggregate transactions of this office since the date of the appointment of a Receiver by the court.

All of which is respectfully submitted.

GORDON N. PEAY,
Receiver.

June 13,'59	R. P. Rankin & wife	whole of whole of part of part of part of	17 18 19 20 29			1708 98	

The above described lands were conveyed to the Receiver of the Real Estate Bank by Col. R. P. Rankins, of Phillips county, in payment of the sum of $39,307, part of his debt to the bank, under authority of an order of the Chancellor of Pulaski county, made on the 7th day of September, 1855, which sum is the value in specie as appraised under oath by John S. Horner, Walter E. Preston and Allen J. Polk. Under the order of the court, said Rankins has the privilege of redeeming said lands at any time within five years from its date, by paying to the Receiver said sum of $39,307 00, with 8 per cent. interest thereon from said 7th day of September, 1855, in any of the bonds and coupons of the state issued to the Real Estate Bank (except the hypothecated bonds). The tract comprises one of the finest cotton plantations on Old Town Ridge, in Phillips county, and is now valued at sixty dollars per acre in cash.

NOTE.—The difference appearing in the foregoing statements between the amount of State Bank bonds exchanged with the financial receiver of that bank, and the amount of Real Estate Bank bonds received from him, viz: $2,333 67, results from having received that sum from the financial receiver in Real Estate Bank bonds in exchange for two certificates of deposit to E. Cummins and George C. Watkins, instead of State Bank bonds, which certificates had been received at this office in payment of debts.
